### EUROPEAN RESIDENTS IN PLASTIC SURGERY

Dear Colleague,

It is a great pleasure to invite you to join us in the charming island of Favignana, from 18 to 21 of June 2015, for the upcoming **EuRePS (European Residents in Plastic Surgery) Meeting**.

The meeting is organized by the “**School of Specialization in Plastic and Reconstructive Surgery, University of Palermo**”, directed by Prof. Francesco Moschella, and promises to be a first-class educational event that focuses on the latest advances in Plastic Surgery. With its diverse mix of didactic presentations, debates, and cutting-edge abstract presentations, all participants will have the opportunity to update their knowledge in the field, confirm their current practices and receive valuable take-home information on exciting new management approaches and surgical techniques.

The event is open for both Residents and Specialists from all the European University and more but we remind you that only Residents can be speakers. Download the submission guideline at [www.comevents.it](http://www.comevents.it) (EuRePS Abstract Submission) and send your abstract. The request will be confirmed by the Educational Committee.

An opportunity to meet, to study, to enjoy ourselves working hard!

**The EuRePS Meeting is open to 200 participants according to the date of the registration.**

**Registrations and abstract submission are open on [www.comevents.it](http://www.comevents.it)**

All proceedings will be published on Plastic and Aesthetic Research Journal

**All the participants can be “stars” during the meeting social life, they don’t have to forget the swimsuit and their sense of fun!**

**It’s an amusing chance to socialize with each other.**

If you are the **Director** of a School of Specialization in Plastic, Reconstructive and Aesthetic Surgery we ask you to involve your fellows to take part to the event.

If you are a **Resident** we ask you to take part to this unique event and if you want to be a speaker you have to send us your abstract according to the different topics.

If you are a **Consultant** in Plastic, Reconstructive and Aesthetic Surgery you can also take part to the event as participant and we ask you to promote the event to everyone who may be interested.

**Save the date and inform your colleagues!!!!**

**Please remember the following deadlines:**

Abstract submission deadline: 31 March, 2015

Abstract evaluation deadline: 20 April, 2015

**Thank you for your support to this event  
and look forward to meeting you in Favignana!**

**For further information visit EuRePS web site: [www.comevents.it](http://www.comevents.it)**
